

## Heartaches And Ashes Tal Cohen-Shalev

Tal Cohen-Shalev's webpage: <http://talcohenshalev.bandcamp.com/>

Tal uses DADGBE tuning for a richer sound, but it's quite all right with the regular EADGBE tuning.

I did this by hearing so I guess some of the chords aren't 100% accurate.

When using EADGBE play the chords that are written by the lyrics.

When using DADGBE, use:

D	054230
F#m	402222
Em	222000
G	504030

D	F#m		
The cigarette she smoked left a funny taste			
Em	F#m	G	D
Is it all or is there more I've missed?			
D	F#m		
Could not remember all the words she said			
Em	F#m	G	D
Suddenly it's hard to cry			

Em	G	D
Oohâ€¦	aahâ€¦	

D	F#m	A	A/Bb	Bm	Bm/A	
Got my hands on the wheel,	two and ten					
G	D	Em	F#m	G	D	
Thought about the things she said back	then					
D	A	A/Bb	Bm	Bm/A	G	D
Car broke down on the highway, so did I						

Like a wounded soldier returning to the war  
Lying in her bed  
Confusion has me now  
Running through my head

Got my hands on the wheel, two and ten  
Thought about the things she said back then  
Car broke down on the highway and so did I

The cigarette burned out  
The night is over  
It hit me in the back like a thousand lashes  
When all I'm left with  
Is heartaches and cold ashes
