You say you got a man and you don t wanna break his heart

And I can understand that, but me and your man are hundred miles apart
Break it down

He could take you local, I could make it global,
I m a grilled steak and your man s like tofu,
Swag s off the richter, baby get the picture
Windows 98 aint shit next to vista.

Uh, oh heaven s there she goes, angel where s your halo,
I should take you hooooome,
Take you with me, I ll give you this and that whatever you dream of,
When the mist is clear,

I ll be as good as gold,
I ll be as good as gold,
I ll be as good as gold,

I met her out in paris by the Eiffel tower,
Helped her with her bags,
Smiling and she felt the power
I was there for business, she was shopping
We swapped eleven digits and then we got to talking
Then we got to walking
Then we got to touching
Then we took it to that level there ain t no discussing

SHHH

You know me and women, if I say she spent the night then that means I hit it
It means I hit it proper, gave her a heart transplant and sent her to the doctor
But lady here s the offer
True the way your body shining with your gold skin
Third finger on the left, diamond in a gold ring
Take you with me, I l give you this and that whatever you dream of,
When the mist is clear, I ll be as good as gold, I ll be as good as gold,
I ll be as good as gold, gold, gold, gold, I l be as good as gold, gold, gold,
I ll be as good as gold
