One time too many
Too far to go
I, we come to take you home

(as above)

And when they split those atoms
It s hotter than the sun
Blood is a special substance
They gonna pray for that man

So wake up young lovers
The whole thing is over
Watch but touch monkeys
All that blood, gonna swallow you whole

Hi hi hi hi hi

Where we goin ? Who knows?

Eb C# Eb C#
How many people do you think I am
Eb C#
Pretend I am somebody else
Eb C# Eb C# Eb
You can pretend I m and old millionaire
Eb C#
A millionaire washing his hands

Eb **C# Eb** **C#**
Rattle the bones, dreams that stick out
Eb **C# Cm Eb**
A medical chart on the wall

Soft violence and hands touch your throat

Bbm **C# Bbm** **C# Bbm**
Nobody knows you at all
Bbm **C# Bbm**
Don t have a window to slip out of
Bbm **C# Bbm**
Lights on, nobody home

(as above)
Click, click, see ya later
Beta, beta, no time to rest
Pika, pika, risky business
All that blood, will never cover that mess.
