Sink into the lake

It was gold like the water that came before us

Like the water that came before us

[Verse 2]

Bm **D**
Why'd you fix me with your gaze?
 A **Em**
I had to look away, you stared me in my face

Beckoned from within, woke in a mind
 A **Em**
Been building other days, tossed into that lake

[Chorus]

G **D** **Em**
It was gold like the water that came before us

Like the water that came before us

On and on, hearts are not but river stones

[Chorus]

G **D** **Em**
Gold like the water that came before us

Like the water that came before us

D **Em** **A**
Like the water that whispered for us

Ooooh
