```

G#m F#
Feels like my life is ready to blow
G#m F#
Me and my love we ll take it slow
G#m F#
I hope she knows that I ll love her long
G#m F#
I just don t know where the hell I belong

G#m F#
How optimism led me astray
G#m F#
Two hundred things I took the wrong way
G#m F#
But I saw her love gauge running low
G#m F#
I tried to fill but it overflowed

G#m F#
 Feels like my life is ready to blow
 G#m F#
 Me and my love we ll take it slow
 G#m F#
 I hope she knows that I ll love her long
 G#m F#
 I just don t know where the hell I belong

[Solo]

```

```

G#m F#
 She remembers my name
 G#m F#
 Could be blown way out
 G#m F#
 It s all going to change
 G#m F#
 She remembers my name

D#m C# D#m C#
 But she was only messing around,
 D#m C# D#m C#
 Please, no more playing with my heart
 D#m C# D#m C#
 Ooh, go with Mr. Right just for once
 D#m C# D#m C#
 Oooh, no more mischief with my mind

D#m C# D#m C#
 Then it all just came out
 D#m C# D#m C#
 Guess I ll hold it in next time

G#m F#
 No more getting it wrong
 G#m F#
 I ll be frozen here on
 G#m F#
 If forever we ll see,
 G#m F#
 But no more guessing for me

D#m C# D#m C#
 Oh, I was just so sure of everything
 D#m C# D#m C#

Ooh, that s what you get for dreaming aloud

D#m

C#

Then it all just came out

D#m

C#

Guess I ll hold it now on

D#m C#

D#m

F#

Ooh, the day that words are clearer to me

(If forever we ll see / But no more guessing for me)
