

**Come With Me
Tammy Wynette**

Come With Me

A **E** **A**
If youâ€™re in a valley with a troubled mind
B **E**
Iâ€™m a mountain, come on and climb
A
Cause you look too good to be so down
B **E**
It donâ€™t take much babe, to turn it all around

Chorus:

E **F#m**
Come with me, come with me
B **E**
The feeling s free, just come with me
F#m
We ll head on a cloud, ridin high
B **E**
Say hello sun as we sail by

I ll take you where you ve never been before
Once we re there you ll cry for more
So if it s dark in your world come walk in mine
My love is alive, babe, is on all the time

Chorus
