E B E
But you re just a crying steel guitar so cry again for me

Chorus:

E D A

E F# B7
There s a special kind of sigh in the lonely way you cry
E A
You express my feelings and my tears no one will see
E B E C
So let you cold blue lonely strings cry once again for me

(up $\hat{A}\frac{1}{2}$ measure to **F**)

I ll be here at this table again tomorrow night
Each time that I m close to you I know I ll be all right
I loved him more than anything but it s over I can see
If you don t mind please steel guitar cry much again for me
