

He Was There When I Needed You
Tammy Wynette

He Was There When I Needed You

D **G**
I never thought Iâ€™d let another touch me
A7 **D**
After all the love I had for you
G
But I could stay alone just so long
A7 **D**
And I got so lonely with you gone

Sometimes when Iâ€™m loving him I call your name
He pretends not to hear it but he has to
As time goes by heâ€™s making me forget the pain
Iâ€™ll be all right but Iâ€™ll never be the same

Chorus:

D **G** **D**
He was there when I needed you
G **E7 A7**
Doing all the things you used to do
D **D\C** **D\B** **Bb**
Heâ€™s made me smile again, heâ€™s not you but then
D **A7** **D**
He was there when I needed you

Donâ€™t get me wrong, thereâ€™s days youâ€™re all I think about
You wonâ€™t be back, I have to face the truth
When you left your love I couldnâ€™t live without
And he was there when I needed you

Chorus
