

**Higher Ground**  
**Tammy Wynette**

Higher Ground

**A** **E** **A**  
Well, I have sat alone at night and cried myself to sleep  
**E** **A**  
And I have prayed my soul to take when sorrow seems so deep.  
**D** **A**  
But darkness turns so quickly to the light of day  
**E** **A**  
When someone special came along and carried me away.

Chorus:

**A** **D** **A**  
You lift me up when I get down, when I m lost you turn me around  
**E**  
Wind and rain can t wash away the peace you give to me.  
**D A E F#m**  
And in a sea of trouble I know that I won t drown  
**D A E D**  
I m safe cause your love lifts me to a higher ground (higher ground)  
**A**  
To a higher ground.

Troubled times may bring me down and drive me to my knees  
And I am blinded by despair and cannot see.  
But you take a hold and carry me again  
Then I know I ll never break though I sometimes bend.

Chorus
