If You Think I Love You Now (I ve Just Started)

G# **Bb** **D#**
It s nothing new for a woman to love her man
G# **F** **Bb** **D#**
It s an old familiar story I know you ll understand
G# **Bb** **D#**
And I ve been loving you a long long time
G# **F** **Bb** **D#**
So I ll make you a promise I won t change my mind

G# **C** **C#** **G#**
And you ll never be alone, never broken hearted
Fm **Bbm** **D#** **G#** **C#** **G#**
If you think I love you now I ve just started

Too many times people break each other s heart
By making vows that so quickly fall apart
So as long as you want me by your side
I ll be your woman your lover and I ll keep you satisfied

And you ll never be alone...
