

Love Survived

Love Survived

G **F** **E**
The odds we wouldnâ€™t make it were a million or more to one
C **Am** **D**
The chance weâ€™d stay together was something less than none
G **F** **E**
You know weâ€™ve hurt each other many times
C **F**
And more then once we reached the point where love was on the run

Chorus:

Bb **Dm** **D#** **F**
I guess that we just had to see how much our love could take
Bb **Dm** **D#** **F**
We tried until we bend it but weâ€™d never let it break
Bb **G#** **G**
And, babe, the feelingâ€™s still alive
D# **F** **Bb** **G#** **D#** **D**
For through it all our love survived

Right at first we didnâ€™t know what love was all about
We wore it pretty thin but we never wore it out
We loved each other even when it hurt
For we both knew if love fell through that nothing could be worse

Chorus +:

Through it all our love survived
