

## Memories

Tammy Wynette

Memories

**G Bdim E7 Am Am7**  
Memories, I've got a million of those memories in my mind  
**D7 G F#7 Am D**  
Memories, I think I've got enough to leave a few behind  
**G Bdim E7 Am C**  
Memories, they used to make me warm but now I find  
**C#dim G E7 Am D7 G**  
Memories only make me feel old before my time

Memories, try not to think about the memories all the time  
Memories, forget the days when your sweet love was mine  
Memories, I used to welcomed them but now I find  
Memories only make me feel old before my time

**C B7**  
If there's a way to make 'em go away  
**Em7 A7**  
Now that I finally realized  
**C C#dim G E7 Am D7 C**  
Memories only make me feel old before my time
