

Safe In These Lovin Arms Of Mine
Tammy Wynette

Safe In These Lovin Arms of Mine

G **C** **G** **C**
I remember when I gave you the key to my front door
G **F** **D**
Love had taken over this heart of mine
G **C** **G** **C**
If you could only see the smile that comes across my face
G **F**
When I hear your footsteps at my door
D **G**
When I hear you walkin up to my door

Chorus:

D
When you reach for me and take my hand
B7 **Em**
You make me know that you re my man
C **G** **C** **G**
And I ll hold you and kiss you and warm you and love you
C **G** **F**
Cause I know that some day you ll find
D **G**
You re safe in these lovin arms of mine

I know what men are made of cause I ve been around a few
They ll use you for awhile and leave you cold
You may cheat and run around cause you gotta have your fun
But like I told you many times before
You ll always have the key to my front door

Chorus
