

This Time I Almost Made It
Tammy Wynette

This Time I Almost Made It

A **F#m** **B**
This time I almost made it, came so close to saying no
E **E7** **A**
I almost found the words to make you go

This time I almost made it, almost pushed you away
But my heart cried out begging you to stay

A **D** **D\C#** **D\B**
Now I m laying here beside you cryin softly
D\A **C#m**
Cause I know you re going home to her
Bm **A**
Cause you belong to her and you go home to her

I know you still away, I know there ll be another day
That you ll come back again
And you ll say hello friend and I ll reach out my hand

A **E** **A**
This time I almost made it, this time I almost made it
