

You And Me
Tammy Wynette

You And Me

Intro: **Cm Bbm Bb D#7**

G# D#7 G#
I can hear the rain it s falling softly
F7 Bb
As I watch him lying next to me
G# D#7 G#
I can feel his heart its beating softly
Cm Bbm Bb D#7 G#
He just loved me so tenderly but it should be you and me

When he touches me I feel your fingers
And each time we kiss I see your face

G# D#7
When he locks the door behind us
G# C#
Then he thinks the world can t find us

Cm Bbm Bb D#7 G#
But he can t say no he can t say that it should be you and me

So I ll just close my eyes and dream about you
Cause every time I dream you re always there
Then you ll lock the door behind us
And in my dreams the world can t find us
And it will be so real to me, it s finally you and me
