

Your Shining Face

Tammy Wynette

Your Shinning Face

F Am Dm

I felt a weight this morning and thought I saw the sun on its way down

G

And this evening when the sun got bright

Bb C

I realized that Iâ€™d been turned around

F Am Dm

So Lord, I come again to ask you what it is and where it is Iâ€™ve been

G

And if my hands were dirty, Lord,

Bb C F

Iâ€™d love to touch your shinning face again

Chorus:

D# F

For I touched it as a child, I could feel it for my brother

D# F

And I saw it smiling gently, your shining face amongst the flowers

And I recall the times when I could come to you with open heart and mind

Knowing I could ask you Lord to lead me through the valley one more time

So now I stand before you, Lord, to pray that youâ€™d wash away my sins

And if I cleanse my dirty hands Iâ€™d love to touch your shinning face again

Chorus
