[Verse 1]
E7sus4                      D6
     I got a scent on you,      I got something here to show,
C#m7-5                       Am7      Am7 *
     It s somebody s slice of life,
E7sus4                      D6
     I had it tailor made,      I had it soaken,
        C#m7-5                        Am7          Am7 *
Shaken and...    shown around the world! |  /  /  /  /  |  /  /  /  /  |

[Verse 2]
Bbsus2                                Asus2
     And of all these things you tell me,     I can t quite believe,
Bbsus2                                Asus2    F
     You are still there, and I m still trying...   to be somebody!

[Verse 2]
E7sus4   **G6**
      Always on the upkeep,   always trying to reach the rest of us,
D6
    We don t have... anything to say,
 C#m7-5   **Am7**
Nothing to give, well, life, it blows away,
E7sus4   **G6**
      I have another chance,   I may have two lives,
          D6
But my...   both my lives will be... brief lives,
          C#m7-5   **Am7**
And then,   you all will wonder why!

[Verse 3]
Bbmaj7   **Asus2**
      I was only sixteen years old, you were only seventeen,
Bbsus2   **Asus2**   **F**
      Life isn t so complicated, but then life isn t sposed to be,
          E7sus4   **G6**
For all-------- these years,
          D6   **C#m7-5**   **D6**
For all-------- these years! | / / / / | / / / / |

[Verse4]
E7sus4   **G6**
      Every censor,   everybody loses their way,

```
            D6                                  C#m7-5                    Am7
I have a wealth of material, I have a well of people to share with you,
E7sus4                    G6
       Every lover,        well, they all tell lies,
                D6                               C#m7-5
I have his wife in the background, but I have more than this,
        Am7
I have more than this!
            Bbmaj7                    Asus2
And if...        Mr. Chaste,         he has a past,

[Break]
          E7sus4                              G6
Give it to me!
