

I Might Be Crying

What didn't know back then

Was that I might be crying

Such a simple sentiment

To steal the show

And what I didn't know back then

Is that I might be losing you

Yeah I might be losing you

And still I wouldn't know

And now I suck up to the pale moonlight

Like it's gonna lead me home

And I shiver in my tired clothes

As if that could keep me warm

And now I stare across the dirty river

And I breathe this dirty air

And I'm sure upon the bridge I'll see you

Cos I dreamt I'd kiss you there
