Verse 1

**C Csus**  
Is it over now  
**D Em7**  
Do we really have to say goodbye  
**C Csus D Em7**  
Doesnâ€™t mean that we canâ€™t talk anymore  
**Em D**  
Cause I still love you so  
**Em7 Csus**  
Cause I didnâ€™t mean to break your heart  
**C Csus D Em7**  
If you only knew why I had to let you go  
**C Csus D Em7**

Verse 2

Is it over now  
Feels like itâ€™s the end of the world  
I donâ€™t really want to try to get over you  
Cause I still see your face  
Feel your breathe everywhere I go  
Donâ€™t think Iâ€™ll ever find someone just like you

Chorus

**Em**  
Thought we could last  
**F G**  
Be together forever  
**Em**  
But we didnâ€™t last  
**F G**  
We sure did put up a fight  
**Csus D Em7**  
Now it hurts so bad with you out of my life  
**Em7 D Csus**  
Is it really over now

Verse 3

Guess itâ€™s over now  
Iâ€™m sitting here all alone

Someone is knocking but it won't be you at my door

Bridge

**Em**  
Letting go is never easy  
**F**  
I have been learning it the hard way  
**C**                            **Csus**    **D**    **Em7**  
I've been counting every minute and second since the day you left

Chorus

Thought we could have last  
Be together forever  
But we didn't last  
We sure did put up a fight  
Now it hurts so bad with you out of my life  
Is it really over now  
Is it really over now

I really like this song and wanted to play it on guitar, so I just tabbed it out. I think it sounds right, but comments and improvements are welcome. I finger pick this song, but it sounds alright too. Have fun!
