C#m

Whenever I wake up

A

I m lost and always afraid

C#m

It s never the same place

A

I close my eyes to escape

The walls around me

F#m

And I drift away

Inside de silence

D

Overtakes the pain

And in my dreams

Estribillo:

C#m **A**

I feel immortal

E

I am not scared

B

No, I m not scared

C#m **A**

I feel immortal

E

When I m there

B

When I m there

C#m

Whenever I wake up

A

The shards of us cut within

C#m

Always the same day

A

Frozen out in the fringe

F#m

I surrender to the sleep

And leave the hurt behind me

D

There s no death to fear

And in my dreams

:Repite Estribillo:

C#m

So far or right beside me

A

So close, but they can t find me

F#m

Slowly, time forgets me

B

I am only, only dreaming
