

Rubberband
Tate McRae

C
Was it a wasted couple months?
G Am
Sneaking outta the window, spending nights in limbo
C
Was that all there was for us?
G
Midnight driving, running through highland

C Em
Does it make me the criminal?
G
That I let you go
Am
That I broke us and left
C Em
I hate that I never know
G
Why you re still so caught up in my head

C Em
I know you wanted a promise
G Am
I wasn t ready, can I be honest?
C Em G
Never knew what I had until I lost it

C
And I got this rubber band on my wrist, on my wrist
G Am
And I snap it every time that I think about your lips
C
Got this rubber band on my wrist, on my wrist
G
Almost break it every time when I m trying to forget

C
I know that I have never been good at this
G Am
Love you in a second, next you know I m checking out
C
Of moments I shouldn t miss
G
Now I m looking through the photos, wishing I was different

C

And I got this rubber band on my wrist, on my wrist
G **Am**
And I snap it every time that I think about your lips
C
Got this rubber band on my wrist, on my wrist
G **Am**
Almost break it every time when I m trying to forget

C Em G Am (2x)

C **Em**
I know you wanted a promise
G **Am**
I wasn t ready, can I be honest?
C
Never knew what I had until I lost it

C
And I got this rubber band on my wrist, on my wrist
G **Am**
And I snap it every time that I think about your lips
C
Got this rubber band on my wrist, on my wrist
G
Almost break it every time when I m trying to forget
