

Dark Blue Tennessee
Taylor Swift

Hi. So I noticed there was only one tab done for this song and you had to have guitar pro installed. Also, it was half a step tuned down so here is my version. It doesn't require any different tuning, it's just standard. The chords go as follows:

eadgbe
320033 **G**
022033 **E7**
032033 **Cadd9**
000223 **D**
000203 **Dsus2**
000243 **Dsus4**
032010 **C**
022000 **Em**

V1

G **E7**
He said I got me a nice new apartment
Cadd9 **Dsus4** **D**
In the city, wouldn't you have hated that?
G **E7**
I'm getting by with a broken heart you left me with.
Cadd9 **Dsus4** **D**
He hangs up the phone and she whispers back,

CHORUS

Em **C** **G** **D**
Missing you like this is such sweet sorrow
Em **C** **G** **D**
Won't you come back to me?
Em **C** **G** **D**
I'll be here, today and here tomorrow
Em **C** **G**
In dark blue Tennessee

(Carry on same chords throughout)

V2

He was lying when he said he moved to L.A.
He's just hiding out on the other side of town
With his head in his hands and she's just 7 miles away
He's staring out the window and puts her picture down saying,

CHORUS

Missing you like this is such sweet sorrow

Won't you come back to me?
I'll be here, today and here tomorrow
In dark blue Tennessee

BRIDGE

Cadd9 **G** **D**
She almost called him on the night that he wrote
Cadd9 **G** **D** **Dsus4**
These simple words on his goodbye note

CHORUS

Missing you like this is such sweet sorrow
Won't you come back to me?
I'll be here, today and here tomorrow
In dark blue Tennessee
