

Holy Ground  
Taylor Swift

Intro: **E**

**E**

I was reminiscing just the other day

While having coffee all alone and Lord it took me away

**A**

Back to a first-glance feeling on New York time

Back when you fit in my poems like a perfect rhyme

**E**

Took off fast through the green light go

Hey skip the conversation and you already know

**C#m**

I left a note on the door with a joke we d made

**A**

And that was the first day

**B C#m A**

And darling it was good

**B C#m A**

Never looking down

**B C#m A**

And right there where we stood

**E A**

Was holy ground

**E**

Spinning like a girl in a brand new dress

We had this big wide city all to ourselves

**A**

We blocked the noise with the sound of I need you

And for the first time I had something to lose

**E**

Well I guess we fell apart in the usual way

And the story s got dust on every page

**C#m**

Sometimes I wonder how you think about it now

**A**

And I see your face in every crowd

**B C#m A**  
And darling it was good

**B C#m A**  
Never looking down

**B C#m A**  
And right there where we stood

**E A C#m A**  
Was holy ground

**E A**  
Tonight I m gonna dance for all that we ve been through

But I don t wanna dance if I m not dancing with you

**E A**  
Tonight I m gonna dance like you were in this room
