

I can see you
Taylor Swift

CAPO 4to TRASTE!!!

Bm G A

Uh-uh, uh, uh

Bm

You brush past me in the hallway

G A

And you don't think I, I, I can see

You, do you?

Bm

I've been watching you for ages

And I

G A

Spend my time tryin' not to feel it

G A

But what would you do if I went to

Touch you now?

Bm D

What would you do if they never

Found us out?

G A

What would you do if we never made a

E7

Sound?

G A

Cause I can see you waitin' down

The hall from me

D Bm

And I can see you up against the

Wall with me

G A

What would you do? Baby, if you only

E7

Knew

G A

Yeah, I can see you

Bm G A

Uh-uh, uh, uh

Bm

And we kept everything

Professional, but

G

A

Something s changed, it s something

I, I like

Bm

They keep watchful eyes on us

G

A

So it s best that we move fast and

Keep quiet

Bm

You won t believe half the things

G

A

I see inside my head

Bm

Wait till you see half the

G

A

Things that haven t happened yet

G

A

But what would you do if I went to

Touch you now?
