```
I Did Something Bad
Taylor Swift
[Intro] Em
    \mathbf{E}\mathbf{m}
  I never trust a narcissist
 But they love me
       C
  So I play em like a violin
                     Am
  And I make it look oh-so-easy
             Em
  Cause for every lie I tell them
 They tell me three
  This is how the world works
             Am
                     D
 Now all he thinks about is me
  I can feel the flames on my skin
  Crimson red paint on my lips
  If a man talks shit, then I owe him nothing
  I don t regret it one bit, cause he had it coming
                             \mathbf{Em}
  They say I did something bad
  Then why s it feel so good?
  They say I did something bad
  But why s it feel so good?
                   Em
 Most fun I ever had
  And I d do it over and over again if I could
  It just felt so good, good
```

En

I never trust a playboy

(Em G C Am D)

```
G
```

```
But they love me
  So I fly em all around the world
                   Am
  And I let them think they saved me
  They never see it comin
  What I do next
  This is how the world works
                    Am
  You gotta leave before you get left
                                  Em
  I can feel the flames on my skin
  He says Don t throw away a good thing
                                                 Am
  But if he drops my name, then I owe him nothin
                                                    Em
  And if he spends my change, then he had it comin
  They say I did something bad
  Then why s it feel so good?
  They say I did something bad
                      Am
 But why s it feel so good?
 Most fun I ever had
 And I d do it over and over again if I could
                 Am
  It just felt so good, good
(Em G C Am D)
\mathbf{Em}
 They re burning all the witches, even if you aren t one
 They got their pitchforks and proof
  Their receipts and reasons
Em
  They re burning all the witches, even if you aren t one
  So light me up (light me up), light me up (light me up)
  Light me up, go ahead and light me up (light me up)
```

```
\mathbf{Em}
  Light me up (light me up), light me up (light me up)
  Light me up (light me up), light me up
  They say I did something bad (ohh)
  Then why s it feel so good? (so good)
 They say I did something bad
                      Am
 But why s it feel so good?
                   Em
 Most fun I ever had (most fun I ever had)
 And I d do it over and over and over again if I could
                 Αm
 It just felt so good, (good) good
(Em G C Am D)
Em
 So bad, why s it feel so good?
 Why s it feel, why s it feel so good? (bad)
                 Am
  It just felt so good, good
```
