It s sad not to hear you calling me up at three AM  
**Em** **\*\*C** **\*\*D**  
 No one s ever gonna sing to me Stevie Wonder songs again  
**G** **D**  
 I ll miss your kiss and your curly hair  
**Em**  
 But now that we said goodbye  
**\*\*C** **\*\*D**  
 I ll pretend that I m alright  
**G** **D**  
 Yeah, I m alright, I m alright  
**Em**  
 You said you didn t wanna see me cry  
**C** **\*\*D**  
 But I ll pretend that I m alright  
**G** **D** **Em** **C** **\*\*D**  
 I m alright, I m alright, I m alright

**Em**  
 I miss you holding hotel keys  
**C**  
 And watch you sing to girls with happy tears  
**G**  
 When you re on stage, you point at me,  
**D**  
 You sing to me, as I chant your name  
**Em**  
 And as the spotlights disappear  
**C**  
 It s a different person that I m with  
**G** **D**  
 So much simpler, so much better, and just so beautiful  
**Em**  
 The way we laugh with four more guys  
**C**  
 You walk around naked and cover my eyes  
**G**  
 You re just so funny  
**D** **C**  
 I can t believe that we re letting this go

**C** **\*C \*D \*G**  
 But why d we say goodbye?  
**D** **\*Dsus2 \*D \*Dsus4**  
 We said we didn t have enough time for both of us  
**C** **\*C \*D \*G**  
 We said we try, to work things out  
**D**  
 But all a sudden we re all tired  
 And said goodbye
