Verso 1:

```

                G                C
I say remember this moment In the back of my mind
                Em
The time we stood with our shaking hands
    D                C
The crowds in stands went wild
                G
We were the kings and the queens
                C
And they read off our names
                Em
The night you danced like you knew our lives
    D                C
Would never be the same
                Em                C
You held your head like a hero On a history book page
                Em    D                C
It was the end of a decade But the start of an age
```

Refrão:

```

    G                C
Long live the walls we crashed through
                Em                D
All the kingdom lights shined just for me and you
                G                C
I was screaming, long live all the magic we made
                Em
And bring on all the pretenders
    C                G
One day we will be remembered
```

Verso 2:

```

                G                C
I said remember this feeling I passed the pictures around
```

Of all the years that we stood there on the sidelines  
Wishing for right now  
We are the kings and the queens You traded your baseball cap for a crown  
When they gave us our trophies And we held them up for our town  
And the cynics were outraged Screaming, this is absurd  
Cause for a moment a band of thieves in  
ripped up jeans got to rule the world

Refrão:

Long live the walls we crashed through  
All the kingdom lights shined just for me and you  
I was screaming, long live all the magic we made  
And bring on all the pretenders I m not afraid  
Long live all the mountains we moved  
I had the time of my life  
Fighting dragons with you  
I was screaming, long live the look on your face  
And bring on all the pretenders  
One day we will be remembered

Ponte:

Hold on to spinning around  
Confetti falls to the ground  
May these memories break our fall

Verso 3:

And you take a moment  
Promise me this:
