

Medley

Taylor Swift

D **A**
I d never gone with the wind
Em
Just let it flow
G **(A)** **D**
Let it take me where it wants to go
A **Em**
Till you open the door there s so much more
G
I ve never seen it before
A **Bm** **G**
I was trying to fly but I couldn t find wings
A **Bm** **G**
But you came along and you changed everything
D **A**
I watched from a distance as you
Em
Made life your own
G **(A)** **D**
Every sky was your own kind of blue
A **Em**
And I wanted to know how that would feel
G
And you made it so real
A **Bm** **G**
You showed me something that I couldn t see
A **Bm** **G**
You opened my eyes and you made me believe
D
In the middle of the night
D
When I m in this dream
A
It s like A million little stars
A
Spelling out your name
Em
You gotta come on, come on
Em
Say that we ll be together
G **A**
Come on, come on
Bm
Drop everything now
