No capo.

G **D**
It wasnâ€™t just like a movie
G **Em** **C** **D** **G** **Em**
The rain didnâ€™t soak through my clothes down to my skin
C **D** **G** **Em**
Driving away and I guess you could say
C **D** **G** **Em**
This is the last time I drive this way again
C **D** **Em** **D**
And thereâ€™s nothing to say and I try to grab at the fray
C **Em** **D**
â€™Cause I still love you but I canâ€™t

G **D** **Em** **C** **G**
Bye bye to everything I thought was on my side
D **Em** **C**
Bye bye baby
G **D**
I want you back but itâ€™s come down to nothing
Em **C**
And all you have is to walk away from
A **C**
The one thing I thought would never leave me

G **D**
The picture frame is empty
G **Em** **C**
Itâ€™s black and white, youâ€™re smiling down at me
D **G** **Em**
Iâ€™ll take your photo off the dash
C **D** **G** **Em**
Back to the conversation weâ€™re so sure of everything
C **D** **G** **Em**
Everything we thought weâ€™d always have
C **D** **Em** **D**
Lost in the sound of it, the here and the now comes in
C **Em** **D**
Seems like Iâ€™m becoming part of your past

G **D** **Em** **C** **G**
Bye bye to everything I thought was on my side

D Em C
 Bye bye baby
G D
 I want you back but itâ€™s come down to nothing
Em C
 And all you have is to walk away from
A C
 The one thing I thought would never leave me

C D
 And thereâ€™s so much I canâ€™t touch
G Em C
 Youâ€™re all I want but itâ€™s not enough this time
D G Em
 And I can feel you like youâ€™re slipping through my hands
A C
 And Iâ€™m so scared of how this ends

G D Em C G
 Bye bye to everything I thought was on my side
D Em C
 Bye bye baby
G D
 I want you back but itâ€™s come down to nothing
Em C
 And all you have is to walk away from
A C
 The one thing I thought would never leave me

G D Em C G
 Bye bye to everything I thought was on my side
D Em C
 Bye bye baby
G D
 I want you back but itâ€™s come down to nothing
Em C
 And all you have is to walk away from
A C
 The one thing I thought would never leave me

A C
 Yeah there was one thing I knew would never leave me
