

**So It Goes**  
**Taylor Swift**

[Verse 1]

**G**

See you in the dark

**Cadd9**

All eyes on you, my magician

**G**

All eyes on us

**Cadd9**

You make everyone disappear, and

**G**

Cut me into pieces

**Cadd9**

Gold cage, hostage to my feelings

**G**

Back against the wall

**Cadd9**

Trippin , trip-trippin when you re gone

[Pre-Chorus]

**G**

Cause we break down a little

**Cadd9**

But when you get me alone, it s so simple

**G**

Cause baby, I know what you know

**Cadd9**

We can feel it

[Chorus]

**G**

And all the pieces fall

**Cadd9**

Right into place

**Em7**

Getting caught up in a moment

**D/F#**

Lipstick on your face

So it goes€...

**G**

I m yours to keep

**Cadd9**

And I m yours to lose

**Em7**

You know I m not a bad girl, but I

**D/F#**

Do bad things with you

So it goes...

[Verse 2]

**G**

Met you in a bar

**Cadd9**

All eyes on me, your illusionist

**G**

All eyes on us

**Cadd9**

I make all your gray days clear

**G**

And wear you like a necklace

**Cadd9**

I m so chill, but you make me jealous

**G**

But I got your heart

**Cadd9**

Skippin , skip-skipkin when I m gone

[Pre-Chorus]

**G**

Cause we break down a little

**Cadd9**

But when I get you alone, it s so simple

**G**

Cause baby, I know what you know

**Cadd9**

We can feel it

[Chorus]

**G**

And all the pieces fall

**Cadd9**

Right into place

**Em7**

Getting caught up in a moment

**D/F#**

Lipstick on your face

So it goes...

**G**

I m yours to keep

**Cadd9**

And I m yours to lose

**Em7**

You know I m not a bad girl, but I

**D/F#**

Do bad things with you

So it goes...

[Refrain]

**G**

Come here, dressed in black now

**Cadd9**

So, so, so it goes

**G**

Scratches down your back now

**Cadd9**

So, so, so it goes

[Bridge]

**G**

**Cadd9**

You did a number on me

**G**

But, honestly, baby, who s counting?

**Cadd9**

I did a number on you

**G**

But, honestly, baby, who s counting?

**Cadd9**

You did a number on me

**G**

But, honestly, baby, who s counting?

**Cadd9\***

Who s counting?
