INTRO: **A E D F#m**

**G**  
Hit the ground, hit the ground, hit the ground, oh, oh

**D**  
Only sound, only sound that you hear is no

**Em7**  
You never saw it coming

**C9**  
Slipped when you started runnin?

**D**  
And now you've come undone and I, I, I, I

**G**  
Seen you fall, seen you crawl on you knees, hey, hey

**D**  
Seen you lost in a crowd, seen you colors fade

**Em7**  
Wish I could make you better

**C9**  
Someday you won't remember

**D**  
This pain you thought would last forever and ever

**A**  
There you'll stand

10 feet tall

**E** **D**  
I will say I knew it all along

**F#m**  
Your eyes are wider than distance

**E**  
This life is sweeter than fiction

**G**  
Just a shot, just a shot in the dark, oh, oh

**E**  
All you got, all you got are your shattered hopes

**Em7**  
They never saw it coming

**C9**  
You hit the ground runnin?

**D**  
And now you're onto something, I, I, I said

**G**

What a sight, what a sight when the light came on

**D** **Em7**  
Proved me right, proved me right when you proved them wrong

**C9**  
And then this perfect weather, it's like we don't remember

**D**  
The rain we thought would last forever and ever

**A**  
There you'll stand

10 feet tall

**E** **D**  
I will say I knew it all along

**F#m**  
Your eyes are wider than distance

**E**  
This life is sweeter than fiction

**A**  
There you'll stand, next to me

**E** **A**  
All at once, the rest is history

**F#m**  
Your eyes are wider than distance

**E**  
This life is sweeter than fiction

(**A E D F#m**)

**A**  
I'll be one of the many saying

**E**  
Look at you now, look at you now

**A**  
And I'll, I'll be one of the many saying

**E**  
You made us proud, you made us proud, proud

**A**  
I'll be one of the many saying

**E**  
Look at you now, look at you now

**A**  
And I'll, I'll be one of the many saying

**E**  
You made us proud, you made us proud, proud

**A**  
And when they call your name

**E**  
And they put your picture in a frame

**D**

You know that I'll be there time and again

**F#m**

Cause I loved you then

**G**

When you, hit the ground, hit the ground, hit the ground, oh oh

**D**

Only sound, only sound that you heard was no

**Em7**

Now in this perfect weather

**C9**

It's like we don't remember

**D**

The rain we thought would last forever and ever

**A**

There you'll stand

10 feet tall

**E**

**D**

I will say I knew it all along

**F#m**

Your eyes are wider than distance

**E**

This life is sweeter than fiction

**A**

There you'll stand, next to me

**E**

**A**

All at once, the rest is history

**F#m**

Your eyes are wider than distance

**E**

This life is sweeter than fiction

**A**

Sweeter than fiction

**E**

Sweeter than fiction

**A**

Sweeter, yeah

Sweeter

**F#m**

Sweeter

**E**

Sweeter than fiction
