Taylor Swift

[Verse]
```
G#                            Fm7
 He said the way my blue eyes shined
                       C#add9
Put those Georgia stars to shame that night
              Ebsus4 Eb
I said, that´s a lie
G#                       Fm7
 Just a boy in a Chevy truck that had a tendency
   C#add9                   Ebsus4    Eb
Of getting stuck on back roads at night
   Ebsus2 C#add9               Ebsus4      Eb Ebsus2
And I was right there beside him all summer long
   C#add9              Fm7          C#add9    Eb
And then the time we woke up to find that summer gone, but
Bbm                                     F#
The story started when it was hot and it was Summer
        C#                              G#
And, I had it all; I had him right there where I wanted him
Bbm                            F#
She came along, got him alone, and let s hear the applause
C#*                              G#*
She took him faster than you can say sabotage
Bbm                            F#
I never saw it coming, wouldn t have suspected it
C#                       G#
I underestimated just who I was dealing with
Bbm                                    F#
She had to know the pain was beating on me like a drum
C#*                          G#*
She underestimated just who she was stealing from
```

[Chorus]
```
   G#              Fm7              C#add9
Seems like there s always someone who disapproves
       G#                 Fm7          C#add9
They ll judge it like they know about me and you
       G#                 Fm7             C#add9
And the verdict comes from those with nothing else to do
          G#    Eb/F#           C#add9
The jury s out, but my choice is you
```

[Verse]
```
G#                        C#add9        Eb
 Cause I can t help it if you look like an angel
G#                      C#add9              (Eb)
 Can t help it if I wanna kiss you in the rain so
```

```
Fm7                               Eb
 Come feel this magic I ve been feeling since I met you
      G#                        C#add9
Can t help it if there s no one else
Eb
Mm I can t help myself
   G#              Fm7              C#add9
You never know what people have up their sleeves
G#                    Fm7          C#add9
Ghosts from your past gonna jump out at me
G#            Fm7              C#add9
Lurking in the shadows with their lip gloss smiles
         G#    Eb/F#                   C#add9
But I don t care, cause right now you re mine

[Chorus]
   G#              Fm7              C#add9
Seems like there s always someone who disapproves
      G#                   Fm7          C#add9
They ll judge it like they know about me and you
      G#                 Fm7              C#add9
And the verdict comes from those with nothing else to do
         G#    Eb/F#              C#add9
The jury s out, but my choice is you

[Verse]
          Eb
The other half I m only trying to
Bbm       C#        G#       C#       Eb
Let you know that what I feel is true
      C#        Eb
And I m only me
    Bbm         C#
Who I wanna be
      C#       Fm       Eb        G# Eb Bbm C#
Well I m only me when I m with you
    G# Eb Bbm C#          G#
With you,      oh ho ho yeah
