

Ten Dollars And A Six Pack
Taylor Swift

I know this song isn't released yet but I had to cover it because I love it!!
Due to legal reasons I've removed the lyrics to this song. If you have the song then you can play along and learn the lyrics, I'm only providing the chords. I just want to say I'm a fan of Taylor and would never purposefully leak anything.

NO CAPO

Verse 1

G (let it ring) G (let it ring) Cadd9 (Dsus)
