

Ive Got A Truck  
Tea Leaf Green

(INTRO)

**Em / Am / Em / C / Em / B / Em**

(VERSE 1)

**Em Am**  
My sweetest love

**Em**  
Forever Iâ€™ve known

**Em Am B D**  
Cause I am a truck driving man

**Em Am**  
Iâ€™ve driven these roads

**Em C**  
From coast to coast

**Em B Em**  
Seen every corner of the land

(VERSE 2)

Down in the south  
I had a gal  
Whose daddy was as rich as a king  
She begged me to stay  
Offerinâ€™ me the world  
If I would only buy her a ring

(CHORUS)

**G**  
I said, â€œIâ€™ve got a truck

**C**  
And a trailer to haul

**G B E D C**  
And a heart that can only be trueâ€™.

**G B E D C**  
I scorned the love of a rich manâ€™s daughter

**G C B A G**  
All for the love of you

(VERSE 3)

I could have been  
A company man  
Watched the work get done  
I could have even been the president  
After her daddy passed on

(CHORUS)

But Iâ€™ve got a truck with a trailer to haul  
And a heart that can only be true  
I scorned the heart of a rich manâ€™s daughter  
All for the love of you

(SOLO... Same as Verse)

(VERSE 4)

So come away with me  
Iâ€™ve got all that we need  
If the highway is my kingdom you can be my queen  
But we really gotta hurry  
I owe that rich girl some money  
And I hear her daddyâ€™s looking for me -  
[but itâ€™s not my child!]

(CHORUS)

But Iâ€™ve got a truck and a trailer to haul  
And a heart that can only be true  
I scorned the heart of a rich manâ€™s daughter  
All for the love of you

(REPEAT CHORUS)

Iâ€™ve got a truck and a trailer to haul  
And a heart that can only be true  
I scorned the love of a rich manâ€™s daughter  
All for the love of you

All for the love of you  
All for the love of you
