^^ This is from memory and i dont have a guitar on me, I m just
trying to remember the frets, I may be off by one fret, but it sounds just
like the tape when played correctly. This is the first accoustic part before
he breaks in on electric.

Following on that great tab posting this morning on Midsummer s
day (WHICH HOPEFULLY WILL BE COMPLETED!!!), here s the lyrics
to this kick-ass tune....(BTWwhat. If you liked Morrison s vocals, then that s
what counts..)

Midsummer Day

When you ve decided to hold on to all that you lost
When you ve decided to hold on to all that you lost
All this is nothing if she comes and tears you apart
All this is nothing if you hold the key to her heart

If you ve decided to change what you thought was your way

This new way will take you to her and to midsummer day
All this is nothing if she comes and tears you apart
All this is nothing if you hold the key to heart

And I m cryin in the nite
And I m waiting for a call
Wont you help me thru tonite
Cos I m waitin for a call

And I m cryin in the nite
And she s thrown from my mind
And the sky is turning black
And I m running out of time

You ll shed a last tear
If you miss what you thought was your way
This new way will take you to her and to midsummer day
All this is nothing if she comes and tears you apart
All this is nothing if you hold the key to my heart

All you are is in you
All you are is in you in you in you Ohhhh.

Actually what a cool tune - anyone have an interpretation for it??
