|-----5-----7----4----|
|-5-----5-----2----7----4----|
|-5-----3-----2----5----2----|
|-3-----0-----|
  G       C   Em   D   B

```

Verse:

```

G                               C                               Em
whole lot of things to say but i can t seem to hold on
G                               C                               Em
moved away it pulls me back to what i miss
G                               C                               Em
like talking talking talking to the mad queen
      C                               G
about emotional evolution

```

Chorus:

```

      D                               C                               G
well i do what i do and i don t need you
      D                               C                               G
to tell me what s in and tell me who s cool
      D                               C
i ve got no money left and the mean world around me
      G       Em       B       C
and i don t need that girl to watch TV with
      G       Em       B       C
she s just the same girl over and over and over
      G       Em       B       C       G       D       G       C       G
and you can go back to your boyfriend

```

Verse 2:

```

G                               C                               Em
half of this is me and i m not sure who the other is
G                               C                               Em
she maybe came from all of you
G                               C                               Em
this house is warm i think i ll take a nap
      C       G
just like Freewheel, Freewheel!!!

```

Repeat Chorus
