And these are my plans

Hot tips for the boys

Fresh news from the force

When it s all mixed up

Better break it down

In the world of silence

In the world of sound

No sleep for dreaming say the architects of life
Big bouncing babies bread and butter can I have a slice
They make no mention for the beauty of decay
Blue yellow pink umbrella save it for a rainy day
And all the love and all the love in the world
Won t stop the rain from falling
Waste seeping underground
I want to break it down (break it down again)
