[Verse]

F Am
Lost in the maze of the back streets I struggled

Too many people were talking without moving their mouths
F Am
Smell the gaze, smell the lights, ever wondered
G G
bout the lies that have stolen my thunder
F Am G G
In the haze of my mind all the wires were crossed
Dm7 C G
I love you but I m lost

[Chorus]

F Am
From a flame to the spark of an ember
G G G/E
To a fire on the 5th of November
F Am G Em
We are straight from the light now we count the dots
F Am G Em
I love you but I m lost
F Am G Em
I love you but I m lost

[Verse 2]

F Am
Look at the marks on your arms of colors,
G G G/E
how you like to make them pay (how you like to make them pay)

These are the reasons why your life is not quite what it was

In a dream, at the edge, of a river

 Where they swam, and I watched you shiver
