~ Vibrate

Intro/Riff

E-----	-----	play 4 times
B---17~~--17-15-14-14-----	-----	
G-----14-----	-----14-16~~-18-18-14~~-----	
D-----14~~	14-14-----	
A-----	-----	
E-----	-----	

then the whole song is like one long solo after that if you know Ted,

Thats all I can get so far. He basically keeps the song in that range on the fret board.

He also just plays that riff on and off in the song Good luck figuring out the rest.

I know at the end he playes the intro a step higher near the end of the song.
