

Wake Up

Teddy Thompson

Em

Wake up, everyone is leaving.

D **C**

Daylight has a way of creeping up.

When you re in love,

D

When you re in love.

Em

Sickness, everybody has it.

D **C**

Mine just happens to be hidden. And you,

What about you?

D

What about you?

(refrão)

Am **C** **G** **D**

I won t even begin telling you how sorry I am.

Am **C** **G** **D**

Those days, moving so slow, I kept it alive not to be so...

C

Alone.

Em

Alone.

(verso 2)

Real life, we were never in it.

Seemed like trouble to begin with.

But I never refuse,

Never refuse.

So don t stop, better keep it moving.

Although memories are soothing.

I can never go back,

Never go back.

(refrão)

Am **C** **G** **D**

I won t even begin telling you how sorry I am.

Am **C** **G** **D**

Those days, moving so slow, I kept it alive not to be so...

G

Alone.

(ponte)

G **C**

I m feeling like a child.

G

Like someone might find out.

D C

I shouldn t be here at all.

G C

But these things do come round.

Am

And it may as well be my,

D C

Turn to take it all.

Am C G D

I won t even begin telling you how sorry I am.

Am C G D

Those days, moving so slow, I kept it alive not to be so alone.

Am C G D

I won t even begin telling you how sorry I am.

Am C G D

Those days, moving so slow, I kept it alive not to be so

(shot silence)

Em

Wake up, everyone is leaving.

D C

When you re in love,

Em

When you re in love.
