Near You (Capo 2)

**G**            **Am C**                    **G**            **Am C**  
I should get out of this seat  
**G**            **Am C**                    **G**            **Am C**  
Feel the world beneath my feet  
**G**            **Am C**                    **G**            **Am C**  
Strive to see more of the sun  
**G**            **Am C**                    **G**            **Am C**  
Try to change what I ve begun

**Am**            **Bm**  
Move on up  
**C**                    **G**  
Thru this down  
**Am**            **Bm**  
Take this love  
**C**                    **G**  
Turn it around

(Chorus)

**C**                    **D**                    **C**                    **D**  
I get near you but I never seem to reach you  
**C**                    **D**                    **C**                    **D**  
I get near you but I never seem to reach you  
**D7**                    **G**  
                  Reach you

**G**            **Am C**                    **G**            **Am C**  
Somewhere tonight the stars still shine  
**G**            **Am C**                    **G**            **Am C**  
Somehow they ve got to re-align  
**G**            **Am C**                    **G**            **Am C**  
Fuelled by the promise of the sun  
**G**            **Am C**                    **G**            **Am C**  
Pulled by the charm this night has spun

**Am**            **Bm**  
Move on up  
**C**                    **G**  
Thru this down  
**Am**            **Bm**  
Take this love  
**C**                    **G**

Turn it around

(Chorus)

**G**            **Am C**                      **G**            **Am C**

(Chorus)

**G**            **Am C**                      **G**            **Am C**

Reach you

(Repeat to Fade)
