

Days And Days  
Tegan and Sara

**Am** **Am**  
Must be something in the way you move  
**Am** **Am**  
Must be something in the way you look  
**F** **F**  
I m not sure just yet

**Am**  
Must be something in the way you dream  
**Am**  
Just go home and the thirteen days in  
**F** **F**  
between you and I

**C** **G** **Am**  
This is me before I come undone  
**C** **G** **Am**  
This is me before I fall apart  
**F** **C** **G**  
I ve been tired for days and days  
**F** **C** **G**  
I ve been tired for days and days

**Am**  
It must be something in the way you move  
**Am** **F**  
and listening you gave in just like you always would  
**Am**  
it must be something in the way they say  
**Am**  
and the magic that you bring in between  
**F**  
all you imply

**C** **G** **Am**  
well, this is me before I come undone  
**C** **G** **Am**  
This is me before I fall apart  
**F** **C** **G**  
I ve been tired for days and days  
**F** **C** **G**  
I ve been tired for days and days

**C**  
It could have been a month or  
**G**  
it could have been a year but I  
**Am**  
I gave up long before  
**Am**  
long before you came  
**C**  
Her art inspired me to  
**G**  
to do my best and  
**Am**  
to paint my music like  
**Am**  
like I saw it best and  
**C**  
she says I grew up well, well  
**G**  
I grew up strong cause  
**Am**  
no one s got my back  
**Am**  
No one s gonna write me my songs  
**C**  
It could have been a month or  
**G**  
it could have been a year but I  
**Am**  
I gave up long before

**F** **C** **G**  
cause I been tired for days and days  
**F** **C** **G**  
I ve been tired for days and days and days  
**F** **C** **G**  
I ve been tired for days and days and days  
**F** **C** **G**  
I ve been tired for days and days and days  
**F** **C** **G**  
I ve been tired for days and days and days

**C**  
It could have been a month or
