[Verse]

**Bm**                    **Em**    **Em/GA**            **D**        **F#**  
It s alright with me as long as you are by my side,  
**Bm**                    **Em**            **Em/G**    **A**            **D**        **F#**  
talk or just say nothing, I don t mind your looks never lie.  
**Bm**    **Am**                    **G**    **F#** **E**                    **A** **D**                    **C#**  
I was always on the run, finding out    what I was looking for and  
**Bm**    **Am**                    **G**            **F#** **E** **A**                    **D**        **C#**  
I was always insecure,                    just until I found

[Instrumental]

**Bm**                                    **E**                                    **Em/G**    **A**                                    **D**

[Verse]

**F#**  
Words often don t come easy, I never loved to show you the inside of me  
oh no my baby but  
**Bm**                                    **E**                                    **Em/G** **A**                                    **D**  
**F#**  
You were always patience, dragging out what I tried to hide

[Chorus]

**Bm**    **A**                                    **G**    **F#**    **Em/G**            **A**    **D**                                    **C#**  
I was always on the run, finding out    what I was looking for and  
**Bm**    **A**                                    **G**            **F#**                                    **Em/G** **A**  
I was always insecure,                    just until I found    oho  
**D**                                    **G**            **Em/G** **A**                                    **D**                                    **F#**  
You you were always on my mind, you, you4re the one I m living for  
**D**                                    **G**            **Em/G** **A**    **Bm**            **Bb**  
You, you re my everlasting fire, you re my always shining star.

**Bm**                                    **E**                                    **Em/G**    **A**

[Verse]

**D**        **F#**  
Nights always are good friends, a glass of wine    and the lights down  
low.  
**Bm**                    **E**                                    **Em/G**    **A**                                    **D**                                    **F#**  
You lying beside me, me full of love    and filled with hope

[Chorus]

**Bm**    **A**                                    **G**    **F#**    **Em/G**            **A**    **D**                                    **C#**  
I was always on the run, finding out    what I was looking for and

**Bm A G F# Em/G A**  
I was always insecure, just until I found oho  
**D G Em/G A D F#**  
You you were always on my mind, you, you're the one I'm living for  
**D G Em/G A Bm**  
You, you're my everlasting fire, you're my always shining star.
