Tuning: EADGBE

[Verse 1]

**G**                                **F**                        **C**  
I love ya baby, but all I can think about is...  
**G**                                **F**                        **C**  
Kielbasa sausage, Your butt cheeks is warm.  
**G**                                **F**                        **C**  
I check my dipstick, you need lubrication honey  
**G**                                **F**                        **C**                                **G**        **F C**  
My Kielbasa sausage has just got to perform, now get it on!

[Verse 2]

**G**                                **F**                        **C**                                **G**  
I see you walking, but all i can think about is...Dianetics  
                             **F**                        **C**  
Your butt cheeks is warm  
**G**                                **F**                        **C**  
I check my dipstick, you need lubrication honey  
**G**                                **F**                        **C**  
My Kielbasa sausage has just got to perform  
                             **F**                        **C**                                **F**                        **C**  
Now I ve been set loose-ah, right in your caboose-ah,  
                             **F**                        **C**                                **G**        **F C**  
I ll sure take my juice, Now fucking get it on!

NA

Get it on!

[Verse 3]

**G**                        **F**                                **C**  
Dianetics cure you much better then Krishnov  
**G**                        **F**                                **C**  
Dianetics cure you much better indeed.  
**G**                        **F**                                **C**  
And all you people there, your tremendous,  
  
Except the people in the middle,  
**G**                                **F**                                **C**                                **G**  
When you re toking up a big ass bowl of weed,with me, and KG
