Verse 1:
               C#
                                           Ebm
At first I am afraid, but not because of fear
                F#
But the holy of holies is drawing me near

So I hide my face in the shadow of Your wings O Lord
                       C#
I hide my sin from the beauty here before Your throne

With the weight of my sin and this crushing unbelief
How could You really love me with all that I've done?
