Brave Awakening - Terry Reid

Chords By William Seth Tipton

On the live version he plays G C C/B Am with the guitar tuned 2 steps down

F

Mother I fear for the laddies

Bb

Bb/A

Gm

There ain t much more coal to go down to

Bb

Bb/A

There ain t much more soul

Gm

To get round to

F

Bb

F

Not anymore

Mother I hear for the laddies

Ain t much more soul to get round to

Lessening of companies that are finding

Things to bind to it anymore

Bb

C7

I d hate to just realise why

That company s getting so shy

The bairns don t have get-togethers

F

Round here not anymore

Mother I hear for the laddies

Talking bout going on down to

The town where the money s just bound to

Surely just ease the door

F

It s happening all over the city

Bb.....

There ain t much more doubt

To get down to

Lessening of reasons

That can send you

Back down for more

They re telling their sisters of why

Feelings that pass them close by

All that they seek

Is what they re wanting to keep

And it s glistening right there in their eyes

So mother I fear for the laddies
Father says no one goes down to
The face of some mine no boy of mine s
Gonna be bound to, anymore

The future, a brave new awakening
Have to no more go back down to
The bowels of this earth that will take you
Away from home and more
