

Little Suzi
Tesla

from the album Mechanical Resonance

This is as close as I can get, but I really haven't got a clue how it should be played, so I guess you could call it my own arrangement! The only bit which I'm not happy with is the base note D, which goes on throughout the intro. I'm not really proficient enough to pick it properly, but if you know the song then you'll know what I'm talking about. If anyone wants the main chords to the song, or the solo, I'll see what I can do.

Anyway, hope someone enjoys it, and I hope I can do some more before I graduate and don't have access to the internet for a while. Cheers!

Archie.
