Yo, I used to love it when we used to play  
It used to be like a weekend everyday  
Three times at night when I came everyway  
Body to body make you scream and say  
Physically dance  
You re not easy, take it easy  
For again we are love, at one with the pope  
And you stay on my mind,  
So lets go to the party girl  
That we leave behind

CHORUS: 2x

Push it now, push it now

Stop me now

Push it now, push it now
