

Tell That Girl
Texas

Verse

C#

Try, try to figure

G#

Out what it all means

F#

As the sunset on

F#

Your silly suburbia in dream

C#

You don't love her, no

G#

You couldn't couldn't possibly

F#

If you loved her

C#

You'd hate for her to be so free

Bbm Bb

And you know she's going out tonight

G#

To this city where there are bright headlights

Bbm

Maybe you go down and then make it alright

F#

Or just stay home and cry

C#

G#

Why don't you tell her, tell that girl?

F#

C#

You said forever ever ohoh oh

C#

I'm taken over

G#

ways to show how you feel

F#

But flowers died

G#

C#

And you could never know what's real

C#

Oh why can't you see

G#

How it's meant to be?

F#

She says she loves you but

C#

You couldn't couldn't possibly

Bbm Bb

And you know she's going out tonight

To this city where there are bright headlights
