

**Just When We Were High**  
**Thalles Cabral**

[Intro] **Abm E Gb B**

**Abm** **E**  
I ve been walking for twenty-two miles from home  
**Gb**  
And I want you to know  
**B**  
I ve never forgot you

**Abm** **E**  
All I have with me is my smoke and a phone  
**Gb**  
In case you call  
**B**  
To let me know that you ve come

**Abm**  
To meet me where we used to stay till late  
**E**  
Every night to watch the car races  
**Gb** **B**  
With our old friends, getting hallucinated

**Abm**  
I m at the gas station, the only place around  
**E**  
I can no longer see any light of town  
**Gb** **B**  
And I m here just waiting

**Abm** **E**  
Oh, I loved you so  
**Gb**  
But just when I was high  
**B**  
And out of my mind

**Abm** **E**  
Oh, you loved me so  
**Gb**  
But just when you were high  
**B**  
And out of your mind

**Abm** **E**  
You left me alone in this dark night  
**Gb**

You pulled my heart on the roadside

**B**

And you drove fast far away from me (till forgetting)

**Abm** **E**  
You left me alone on this dark side

**Gb**

We loved each other just when we were high

**B** **Gb** **Abm**

I shut my eyes and I think I made you up inside my head

( **E** **Gb** **B** )

**Abm** **E**  
You broke my soul into thousands of parts

**Gb**

Like a million stars

**B**

In a beautiful night sky

**Abm**

You loved to dance Nirvana like a fucking crazy

**E**

You said Lithium was the best song ever made

**Gb** **B**

Nights were your companion to set all in flames

**Abm** **E**  
Oh, I loved you so

**Gb**

But just when I was high

**B**

And out of my mind

**Abm** **E**  
Oh, you loved me so

**Gb**

But just when you were high

**B**

And out of your mind

**Abm** **E**  
You left me alone in this dark night

**Gb**

You pulled my heart on the roadside

**B**

And you drove fast far away from me (till forgetting)

**Abm** **E**  
You left me alone on this dark side

**Gb**

We loved each other just when we were high

**B**

I shut my eyes and I think I made you up inside my head

**Abm** **E**

Oh oh ooooooh

**B**

Oh oh ooooooh

**Gb**

Ooooooooooooooh

**Abm** **E**

Oh oh ooooooh

**B**

Oh oh ooooooh

**Gb**

Ooooooooooooooh

**Abm**

And I wait for you (And I wait for you)

**E**

And I pray for you (And I pray for you)

**B**

And I think of you

**Gb**

Because I love you

**Abm**

And I wait for you (And I wait for you)

**E**

And I pray for you (And I pray for you)

**B**

And I think of you

**Gb**

**Abm**

Because I love you so
